*Community Providers Working Together
for a Healthier New Hampshire*

2017

December 15, 2016

Greetings:

We hope you will join us for the 2017 NH Legislative and Business on February 1, 2017. Bi-State Primary Care Association and the New Hampshire Community Health Centers host the annual breakfast for Legislators, health agency officials and business leaders to discuss health care policy priorities and to brief lawmakers on the state of our health care workforce and access to primary health care for residents statewide. Community Health Centers offer an integrated medical, oral, behavioral and mental health model of care that is open to all. As nonprofit, charitable organizations the health centers have been serving New Hampshire residents, regardless of insurance coverage or ability to pay, for more than 30 years.

It is our pleasure to invite you to sponsor the breakfast. With open seating and time for networking, we provide an opportunity to meet health center directors, business leaders and legislators. Governor Sununu and senior lawmakers have been invited to attend. The 200-seat breakfast typically sells out.
