DAVID, MAUREEN STAPLES TO RECEIVE THE NEW HAMPSHIRE COMMUNITY SERVICE AWARD

NEW HAMPSHIRE – APRIL 29, 2015 – On May 12, David Staples, DDS, and Maureen Staples will receive The Community Service Award from Bi-State Primary Care Association. This annual award “honors individuals whose volunteer efforts have made a significant impact on the vulnerable populations of Vermont or New Hampshire.” Dr. and Mrs. Staples will receive the award during the Awards Ceremony Luncheon at the 2015 Primary Care Conference in Fairlee, Vermont.

David and Maureen Staples “adopted” Goodwin Community Health four years ago. They are champions of advocacy and have raised awareness of the health center as a worthy charitable cause. Both are well-known community leaders, and with their outreach Goodwin has become a household name. They give generously of their time and make significant contributions humbly and without seeking recognition. During the past four years, the Staples have twice sponsored “Rock with the Docs” (health center fundraising event), organized and sponsored a benefit bluegrass concert, generously supported two fund drives, successfully engaged new oral health care providers in Goodwin’s mission, purchased tables so Goodwin staff could attend the annual Chamber of Commerce event, and have made many more contributions. Ms. Staples volunteers on Goodwin’s special events committee and takes a leadership role in running “Rock with the Docs”. She can always be counted on to show up, volunteer, and lend support at health center’s events. Dr. Staples attends monthly CQI meetings, sits on the Credentialing and Privileging Committee, and has been Goodwin’s board chair for five years. David and Maureen Staples are at the health center so frequently that staff think they are employees. Their outstanding commitment has made a monu

Established in 1986, Bi-State Primary Care Association is a nonpartisan, nonprofit 501(c)(3) charitable organization. Bi-State’s annual Primary Care Conference features experts in health care policy and practice at the federal, state, and local level and attracts a large audience of primary care administrators, clinicians, and policymakers.
