### Lamoille County Physician to Receive Outstanding Clinician Award

VERMONT – May 13, 2016 – On May 24, Dr. Philip Kiely, Medical Director for Morrisville Family Health Care and for Lamoille Home Health & Hospice, will receive The Outstanding Clinician Award from Bi-State Primary Care Association. This award “honors primary care clinicians from Vermont and New Hampshire whose exemplary skills and service have made a significant impact on the health of underserved patients and the community in which they serve.” Dr. Kiely will receive the award during the Bi-State Awards Ceremony Luncheon at the 2016 Primary Care Conference in Fairlee, Vermont on May 24, 2016.

For over 20 years, Dr. Phil Kiely has provided primary medical care to thousands of Lamoille County residents, most often double booking appointments and working on his “days off.” As a Hospice and Palliative Care physician, Dr. Kiely is fervent in recommending to his patients that they take advantage of community resources that provide guidance on how to approach the difficult and sensitive topic of end of life plans, they recognize and understand their values when it comes to medical decisions, how to enjoy their remaining time, and how to discuss choices with their loved ones. He is Married to Becca Reggio, a father of three, and a native of Reading Massachusetts. Educated at Holy Cross College and Tufts University School of Medicine, he completed a Family Medicine Residency at St. Elizabeth Hospital in Utica, NY, and when he is not working, he is a coach for Girls Varsity Soccer at Peoples Academy and snowboard instructor at Stowe Mountain Resort.

Established in 1986, Bi-State Primary Care Association is a nonpartisan, nonprofit 501(c)(3) charitable organization. Bi-State’s annual Primary Care Conference features experts in health care policy and practice at the federal, state, and local level and attracts a large audience of primary care administrators, clinicians, and policymakers.
