### RESPONSE TO U.S. SUPREME COURT DECISION ON ROE v. WADE

BOW, NH – June 24, 2022 -- The United States Supreme Court decision to overturn Roe v. Wade will have a profound negative impact on a person's ability to protect their mental and physical wellbeing. Every person should have the right to control their own health care decisions. As a health care organization, we strongly believe individuals should be able to access all the services they need – including reproductive services. We are disheartened to learn of the recent Supreme Court decision that restricts those rights.
