## **Northeast Delta Dental Funds Ten Dental Loan Repayment Awards in Maine, New Hampshire, and Vermont**

### **Ten dentists received a total over \$1M in award funding**

CONCORD, NH, January 3, 2024 – In its most recent December 2023 awards cycle, Northeast Delta Dental made 10 awards totaling over \$1M to support dental loan repayment in Maine, New Hampshire, and Vermont. In 2022, to attract more dentists to Northern New England, Northeast Delta Dental provided \$6M in funding over three years to be used for dental student loan repayments. The program is administered by the Recruitment Center at Bi-State Primary Care Association (Bi-State) and is governed by a Steering Committee with representatives from Maine, New Hampshire, and Vermont.

Workforce vacancies across all health care specialties have been rising in recent years, and there continues to be an acute shortage in Northern New England for dentists across all specialties. The demand for additional dentists is due to a combination of factors including retiring dentists, increased population with dental benefits, and rural or underserved areas across the region who have had difficulty with recruitment.

“All dental practices receiving awards see a high percentage of Medicaid patients and are often located in communities with recruitment challenges,” said Tom Raffio, President & CEO, Northeast Delta Dental. “With all three states now offering dental health benefits to adults with Medicaid coverage, the need is even greater, and these awards are part of the solution.”

Awards in this cycle were made to dentists in the following practices:

- Maine – Capital Community Dental Clinic and Community Clinical Services
- New Hampshire - Children’s Dental Care, Harbor Care, Exeter Pediatric Dentistry, and Winnisquam Dental
- Vermont - Alpine Family Dental, Just Kids Pediatric Dentistry, Kwasnik Family Dental, Pleasant Valley Dental Care, and Vermont Restorative Dentistry.

By providing an additional avenue to help dentists with student loan debt through loan repayment, the program expects to be able to attract more dentists to Northern New England and to retain existing dentists. Each qualifying dentist can receive up to \$150,000

reimbursed over a multi-year period. General dentists, dentists in other specialties, dental students, and residents in training without a concurrent service obligation for loan repayment or debt forgiveness may apply.

The next application cycle opens in late winter 2024. For more information on how to apply for an award, please visit: <https://bistaterecruitmentcenter.org/dentists> or call 603.228.2830 to speak with a Recruitment Specialist.

#### ABOUT NORTHEAST DELTA DENTAL

Northeast Delta Dental administers dental benefits in Maine, New Hampshire, and Vermont, offering dental insurance programs for businesses and nonprofits of all sizes, and individuals and families with no access to employer-sponsored dental benefits. The company continues to help address the shortage of dentists practicing in northern New England by providing scholarships and loan repayment programs to encourage more dental students to remain in the region following graduation and to practice in rural and underserved areas.

Since 1995, the philanthropic arm of Northeast Delta Dental, the Northeast Delta Dental Foundation, has supported organizations and initiatives in the tri-state area that provide oral health education and dental care to uninsured and underserved people. The mission of the Foundation is to advance the importance of good oral health and its role in overall wellness, underscoring the belief that everyone deserves a healthy smile. In addition, it supports numerous organizations, events and initiatives important to the communities through a corporate grant application process.
