

Calendar Year 2026 UDS Annual State/Territory-Based Training

Evaluation Instructions for Attendees

Thank you for participating in the **2026 Annual State/Territory-Based Uniform Data System (UDS) Training**.

Your feedback is important to us. We ask that you complete the training evaluation survey within **48 hours after the final session**. Evaluation results help us report outcomes to BPHC/HRSA and improve future training opportunities and resources.

The evaluation link will be shared by your **Primary Care Association (PCA)** during the final training session and emailed to participants following the training.

Please submit only one evaluation per attendee, reflecting your overall experience with the training series.

Evaluation Instructions for Host PCAs

To assess the effectiveness of the training and identify opportunities for improvement, we ask that all attendees complete a training evaluation survey.

Evaluation surveys are completed electronically through a survey link provided during the training. It is important that every attendee has an opportunity to submit feedback.

Each attendee should submit only one evaluation within 48 hours of the final training session.

Participants who attended only part of the training series are still encouraged to complete the evaluation and provide feedback on the sessions they attended.

For questions or assistance, please contact: **Samatha Kennedy** skennedy@ahpnet.com

PCA Responsibilities

1. Share the Evaluation Link

Throughout the training series, trainers should remind participants about the evaluation survey and provide the survey link.
